Executive Summary

This document sets forth Chemtron Corp.'s Transportation and Facility Security Program ("Program") through policies and procedures to comply fully with DOT HM-232. This Program will describe security measures effecting employees, vehicles, information, and facility structures while specifically describing measures to secure waste streams while in transit on Chemtron Corp. owned or operated vehicles and for waste stored at a Chemtron Corp.

Chemtron Corp. is committed to

- providing its employees a safe working environment,
- providing adequate security measures to ensure the safety of our employees, information, equipment, and facility structures,
- providing safe and efficient handling and transporting of our customer's waste material, and
- ensuring the safety of our employees and the security and integrity of our customer's waste material while in Chemtron Corp. custody.

This program includes the following key elements:

- Purpose
- Policy
- Cross-Reference
- Definitions
- Scope
- Exclusions
- Procedure
- Flow Chart
- Records
- Authorization

Due to the self-implementing nature of DOT HM-232, this Program has not been disclosed to any regulatory agency and is not subject to Freedom of Information Act requests for disclosure. Chemtron Corp. provides this Executive Summary to the reader as documentation of Chemtron Corp.'s compliance with DOT HM-232. Due to the security provisions of this program, the specific details are not available to the public. This unavailability is critical to ensuring Chemtron Corp.'s ongoing security of its site.
